

Council Chamber Annapolis Feb 15 - 1762

Dear Sir

As you have not the written orders of the officers calling on you for the delivery of rations, the best evidence that you can furnish, must do - Col Sewall's certificate would no doubt be highly important and might be received by the Secretary at war, as a sufficient voucher to justify him in passing your accounts. It would be <sup>very</sup> highly to be regretted were the State to lose so large a sum for the want of vouchers - I am very respectfully

Your obedt servant
