

Mar 9th 1820

In the return which you shall make
this Department, be pleased to make it out
such a manner as that the Governor and
Council may be able completely to understand
situation of the Public Army in the
army. If you could make an
estimate of the probable sum that it would
cost to put the Muskets &c. in complete order
it would be desirable that you should do so -
and you two forms which you will be
pleased to fill up with the respective articles
that may be in the Army

Yours respectfully
Simon Pinkney

Capt Thomas Kennebec
