A part of our claims against the
Government for monies advanced for pay
of the militia for services during the late
war with Great Britain stands suspended at
Washington for the want of what are called
proper vouchers - On examining the
books of Mr. Hauger to whom the State
claim was referred for examination by
Secretary of war, I discovered that the
accounts of the Field Staff Officers of the 12th
amounting to \$641.44 for services in
are among the suspended items - The
rolls are in the hands of Mr. Gough and
muster roll, from which they were
drawn out were mislaid by Mr. Murray -
I have however found among my papers
enclosed muster roll, which you in
first instance sent to Mr. Murray,
which the accountant refused to act
