Dear Sir
I rec^d your letter on
yesterday & I regret exceedingly
that the Governor's mind
was enclosed in the Revolution
which did not reach you they were
only forwarded to you in Feb 1813 I
went to New York afterwards under
the Commodore Rodgers either
Philadelphia or New York I forget
which - My regard for you independent
of official duty would have insured
my attention to this business
I accept the best wishes of all
in New York & myself & believe
me to be your friend & servant
Wm. Pinney
