Dear Sir

I informed you some time ago
that the Genl. Government requires
that the State should produce the receipts
given by the persons from whom you
received waggon carts for the militia
and the amount of their respective
accounts - The Gene account which
is produced to this department, and
which was passed by the Executive,
is not considered as a sufficient voucher
at Washington - may I ask that
you will be good enough to
answer my letter.

Yours respectfully
O. M. P. P. P.
