

Council Chamber Annapolis May 15. 20

Dear Sir

I have received your letter of the 30th ultimo respecting money due the 45 Regiment for services from 17 of August to 10th September - Mr Kerr the agent has the Pay Rolls in his possession, and will I have no doubt attend to them, when he visits Washington again, which will be in the course of a short time - I have spoken ^{to him} repeatedly about these claims and he has promised to attend to them - There is still a balance due from the United States to the State for monies advanced during the late War for Militia expenditures which stands in part suspended and rejected for the want of further vouchers and explanations & the objections have been lodged with me by Mr Kerr and I am doing all I can to remove them - In two or three weeks I shall be ready for him -

Yours &c

W. Pinkney
