

May 18. 1820.

The papers in the case of other
son Baron have been duly received
this Department. The Governour's
order from Annapolis, will
prevent him from acting on them
immediately. I expect him up
never in the course of this
week - As soon as he arrives the
papers shall be laid before him
which will no doubt receive from
a prompt and favourable
attention

yours respectfully
Ninian Pinney
