

Council Chamber Annapolis

June 1st 1820

Sir () The votes and Proceedings of the Senate of the United States are wanted by this department for November session 1811 and November session 1812 to make our set complete - The Executive and Legislature have frequent occasion to have recourse to them, of course the want of them is inconceivably felt - If you could furnish the Executive with a copy of them you would confer a particular favour on this department

I have the honor to be
with great respect

Your obed^t Serv^t

The Hon. Chas. Cutts

Secretary of the Senate of the
United States
