Council Chamber

Annapolis June 27 1825.

Sir,

By a communication from Captain Nicholas Baden, it appears that you received from the United States, a ~~company~~ near Baltimore in August last one hundred stand of muskets complete, which were issued on account of the State quota of arms under the act of Congress of 1808 for arming and equipping the whole body of the militia.

I have not been able to discover any evidence in this department from you of the receipt of the said arms, and as it is necessary for this department to acknowledge their receipt from the United States, I have to request that you will favour me with an answer as soon as convenient.

Yours &c
Capt John Barney
Baltimore

Very respectfully
Thos. Cullbert

Council Chamber Annapolis June 27 1825.

Dear Sir,

I am just apprized that the Country has lost another of her Revolutionary heroes, and the State a most valuable public officer in the person of ~~the~~ Col. Richard's late Treasurer of the Eastern Shore. This event it seems to me will require a speedy meeting of the Council. As time will not admit of a general consultation upon the subject, I have just written to His Excellency the Governor, and requested his assistance, which when received shall be immediately communicated to you.

Adverts separately to each
Member of the Council.

With the highest respect
I have the honor to
remain your Obedt Servant
Thos. Cullbert
