

Senate Chamber

Washington, D.C. 22nd 1826

Dear Sir,

I received the Hon. D. B. Hays, at the last session, it is made the duty of the Governor and Council of this State, in or before the first day of January next to procure and deliver to the Hon. Court of each of the several Counties in this State, and in the several kinds of Weights and Measures used in the several Counties in the City of Baltimore.

I would be glad to see you and family to perform the duty, they beyond question and intended to be done in the favour to furnish them with information as to the several kinds of Weights and Measures now used in our office, and whether they are used, and whether or not they should be allowed in Baltimore?

Being in your kindness to send the Liberty Batters in something you will try to do.

Senate Chamber

Washington, D.C. 22nd 1826

Dear Sir,

I have just received one of the St. James with several letters of the same name. I do not know that I rightly understood what letter of the name is to be kept, to which you say is filed in the Senate Chamber. I have examined the copy of well entered in my memory, and I have received only other letters that which refer to being received from General G. except the one that you submitted to the Legislature at the last session. It would seem that he has referred to a letter which he expected he had written during the session of Congress, before the year. I have written on the subject during the session, I never read of my letter or have any recollection of it.
