

Sir,

Council Chamber
Singapore, December 25. 1828.

I have received yours of the 10th inst and am
informed by the Governor that he wishes to have the
same all together and that he will be willing to have
them printed and forwarded by the 25th of next month, which will
be a considerable expense.

Wm Thomas Fletcher
Philadelphia.

Respectfully yours
H. G. Gillett.

Sir,

Council Chamber
Singapore, December 22. 1828.

The Executive has reviewed and considered your com-
munication of the 18th inst relative to your proposed expenditure
in building a Goods Inspection Warehouse for the State, and have
directed me to send you a draft on the Treasury for three thousand five
hundred dollars which I enclose herewith, and your receipt, and to
authorize you to borrow six thousand five hundred dollars on account
of the said building.

Wm Lawrence Norman
Baltimore

Very respectfully
yours
H. G. Gillett.

Dear Sir,

Council Chamber
Singapore, December 16. 1828.

Agreeably to your request I have examined the letters
and documents which you transmitted to the Executive, some which
pertain to a company of gentlemen, and do not find anything
from Mr Barry, among them. The only documents referred
to in your letter are the Order for condemning the Court and a copy of
its proceedings, and these are all that I find with your letter, that were
transmitted by you. The Officers and many members of the Company
forwarded the Executive, shortly after the receipt of your communication
a representation upon the subject, and a copy of a letter which they state
they submitted to you, in which the proceedings of the Court are complained
of as irregular and defective.

The Governor and Council did not act upon the matter
brought before them in their papers at their late meeting. And we
of the principal reasons for declining to do so, was that opportunity might
be afforded by your presence at this place, to consult with you upon the
same. Yours
George H. Stewart
Baltimore

Remains with great respect
yours
H. G. Gillett.
