Sir,

I will receive, likewise, a commission for Captain
Cochran in the Regiment under your command.

The Executive did not appoint the gentleman
recommended by you for Officer in Captain C's company.

Joseph Cawsey appears on our roll second and James
Curson as third & Lieutenant of said company. You recommended
George Snowdon as first Lieutenant Royal Matherly 3rd Lieut
and John Wilgus as Surgeon and to know anything about
the gentlemen above named, who appears upon our roll as Officer
in said company. There are no Surveys in the (Life) company.

Dear Sir,

I had you know with a Commission for James
Snowdon as Lieutenant (1st) of the Regiment under your command.

The Executive did not appoint the gentleman recommended
by you for Major, because he did not appear upon our roll as
settled to by grade, and no explanation being made by
you why you had recommended a gentleman not in the line
of regular promotion.

Very respectfully
your Obedient
