Sir,

Council Chamber
Annapolis, February 15 1831.

I received yours of the 11th Instant last night and upon submitting it
to some of your friends here they have thought it advisable to send an express for
you, that you may be enabled to have your bond here in time. And that you may
have no difficulty about the form of the bond, I furnished General Thomas, to
be sent by the express, and ready prepared forms that of some of the other inspectors, which
had been approved. You seem to have considered my letter as advising you
absolutely that the Executive would not remain in Session longer than last
Saturday. But it appears from the original draft of it, which I kept, that
that I only stated it as probable that Session would terminate that day.

William Reeder Esquire
Chaplin

County.

Remain very respectfully
Yours Obedient
