

Council Chamber Annapolis

Feb 14, 1823

My Dear Sir

Mr. Maulsbury has written to the Governor stating that he would be here on the 15 Instant and suggesting the propriety of sending for you, as it is almost certain that a Council cannot be formed without you. There are a number of appointments to be made and it is truly desirable that there should be a Board on Monday or Tuesday -

To The Honble P. Chew. Nottingham yours Respectfully
Prince Georges County Wm. An. Pinkney -

Council Chamber Annapolis

Feb 14, 1823

Dear Sir

Enclosed you will receive the five commissions which you wrote for - The Executive in making the appointments of the Field Officers were aware that grade was not attended to by you but believing that you would not have recommended the measure unless it had been right they did not hesitate to comply with what appeared to them to be your wish.

To Gen Joseph Swearingen Middletown yours Respectfully
Frederick Town Wm. An. Pinkney
