

until the next Session It will afford me pleasure
to have a line from you relating to the powder that
was purchased for the use of the Militia of Kent
and the ammunition that was sent to you and
charged to the General Government - You intimated
that you could satisfy Mr Hagner as to the propriety
of passing them to the credit of the State -

To The Honble Philip Reed Esq,
Congress Washington -

Dear Sir

Mr. Hughes was authorized by the Executive
in September last to have a seal made for the use of
Smiths Warehouse and the same was made and paid for
by the Executive in Dec last - I directed the seal to
be delivered to Mr. Gibson and supposed it had been
done until the receipt of your letter - Mr Hughes
is now in Bal and would put this business right
if you could see him - I will not fail to have the
needful done without delay -

To

Roderick Dorsey Esquire

Yours Respectfully
