

Your Company has I believe succeeded to one of the Companies above mentioned and are expecting to receive their share of these Guns — I shall be glad if you will make arrangements with the Commanding officer of the Company which has succeeded to the other one of the two old Companies above mentioned, so as to determine between you as to the Guns you may be respectively entitled to receive, and when you have done so I will give to each of the two present Companies an order that will enable you to receive them from Genl. Morris

Yours very Respy

A. Stirling Esq.
States Atty. for Balto. City

Sir:

I beg leave to call to your attention the case of a Prisoner by the name of Bloomfield arrested and confined for some time past in the Jail of Baltimore City by the Military Authorities, and now referred to me by Major Genl. Schenck as appears by his endorsement on one of the papers herewith enclosed — It would appear from the statements made by these papers that the Prisoner is insane, and his case would seem to come within the provisions of the 6th Sec. of 58th Art. of Code of Public General Laws — Considering the case therefore as transferred to the Civil Authorities, as would seem to be the purport of Genl. Schenck's order, I would respectfully advise that a proceeding be taken as pointed out by the Article of the Code referred to

Yours very Respectfully

Medical Director's Office 8th Army Corps
Baltimore Md. January 15th 1863

Sir:

Pursuant to your order of this date the undersigned visited the "Baltimore City Jail" and carefully examined the Prisoner Bloomfield, confined by order of Genl. Wool dated August 9th 1862.

The result of our examination shows him to be suffering from a condition of "Mental Derangement" which will probably result in confirmed "Insanity"

We are therefore of the opinion that he is a fit subject for a "Lunatic Asylum"
