ancient meets and bounds the more ancient Tract (in which part of the
Tract that you are required by the Warrant put into your Hands
to Resurvey, shall be said to be included and in your Certificate
you are to insert the Name of such more ancient Tract, the name
of the Patentee thereof, and the time when it was taken up) after
which you are to Resurvey the Tract, for Resurveying which, the
Warrant put into your Hands shall have been granted: This
mode of proceeding will enable you to discover certainly, whether
any and what part of the younger Tract is included in, and
taken away by the elder Survey, and you are always by proper
Words to denote and distinguish the same in your Plot, and in
your Certificate; after alleging that you have Surveyed the
several Tracts separately according to their ancient meets &
bounds (beginning with the most ancient) and that you
have added _____ Acres of vacant Land (in case any vacancy to
be added by virtue of the before mentioned Warrant of Resurvey) you
are then to describe or give the outlines of such Resurvey, which you
are by the Warrant directed to make, and for which Patent is to be
issued (Saying) Lastly beginning for the outlines of the Resurvey
by virtue of the before mentioned Warrant at No. 6 and at the bottom
of your Certificate you are to give Tables of Courses (referring by
Figures to the Plot) Viz. The Courses of the more ancient Tract, or
Tracts into which it is alleged that such younger Survey to be Re-
surveyed do run, the Courses of the former Survey now to be Resur-
veyed, the Courses of the Vacancies, or Vacancies added, and lastly the
Courses of the Resurvey, or Land for which Patent is now to issue,
And when you rectify any Error in such former Survey, now to be
Resurveyed and Patented you are in your Certificate to note and
mention what the Error was, to what it was owing and how you
have amended the same, and when there shall be any Surplusage
or any Deficiency discovered on a Resurvey you are to mention
in your Certificate, what is such Surplusage, or Deficiency, and
