

is to be a part: And in your Certificate after alledging that you have run such Line, or Lines from the first or other certain Boundary of such original Tract (mentioning the Tract such Boundary and the Patent therof) You are to declare that the whole quantity, so claimed, or such a part of it, mentioning the quantity now returned by You, doth lie within the Bounds of said original Tract. When in your Certificate You are to describe the out Lines of the Resurvey, for which Patent is to be issued - Say "Beginning (or Justly Beginning as the Case may be) for the out Lines of the Resurvey, by virtue of the before mentioned Warrant - at the end of --- Poles and --- Links in the Senior Course of ---". With regard to all other particulars, you are to observe the directions given you by these Instructions.

12th You are when directed to include Vacancy to take in the whole, except the quantity be more than the Petitioner chooses to take up, in which Case the remainder is not to be less than One Hundred Acres, and that to be left in a Body intire, for you are by no means to leave small parcels in Slices, or otherwise, nor are you to run into any old Survey, or run a String, or Line across any surveyed Land whatever (altho' it should belong to the Person obtaining the Warrant of Resurvey) in order to include Vacancy; but such Vacancy shall be taken up by a Common or other special Warrant as the Case may require, unless the Party Resurvey the Tract, or Tracts, being his own, to which it is adjoining, be it in one or more parcels. In your Certificate immediately before you begin to describe the out Lines of the Resurvey for which Patent is to issue) you are to insert the quantity of Vacant Land so taken up - On the Plot returned with the Certificate where Vacancy shall be added
