## An Additionall Act to the Act for Regulating Ordinaries and Limitting the number of them within this Province -

Whereas a good and Profitable Act was made at an Assembly hold at the  
City of St. Marys the twentieth day of October in the third Year of his Lordships  
Dominion and in the Year of our Lord One Thousand Six hundred Seventy Eight  
Entituled an Act for Regulating of Ordinaries and Limitting the number of them  
within this Province, yet notwithstanding the good provision thereby made  
against such Exaction Experienced of late hath found the same so farri from Remediing  
the said abuse that many of them are grown more Excessive and outrageous in  
their prices and to avoid the penalty of the said Law doe refuse to deliver when  
desired unto their said debtor under their hands the particulars of the Legions and  
acomodations had and Received of them, fearing the same should discover their  
unjust charge against the said Act and oftentimes when the said Debtors  
are overtaken in drink fraudulently obtoyne Bills under their hands and seals  
for such their debts unjustly charged whereby their books are discharged -  
which otherwise in Judging the said account the said books in Court would  
discover their Illegall Exaction by which cunning devices they often avoid  
the penalty of the said Law and much damnify the said Debtors to prevent  
which abuses for the future Be it Enacted by the Right Hon: the Lord Prop:  
by and with the advice and consent of the Upper and Lower Houses of
