14

There came a member of the Lower House with this paper
The House is willing that the said Act which the Treasurer hath made himself Debit for to the publick to be remain in his hands for his satisfaction for what he hath paid to be taken out of his own Estate towards the advancement for building of the Churches of the City & to pay that he would be pleased to accept thereof & as for the 2^d of powder more in the said Journals being the Charge of the City that he would please to sign thereof to the Justice Officers of the said County to be employed for the good of the publick in case of invasion or invasion of the same
15th March 1668

There came a member from the Lower House with the following

To the Right Honourable the Governour Council of the Towne of Baltimore the Burgesses of the County

The humble petition of the Justices of Baltimore County sheweth That whereas there are a great number of the most considerable & rich that possess more than their own parts in their families lands for which they themselves have or had have been kept for some time by reason of having satisfaction to be lawfully payed that this County is yearly made to into their various contributions that some may be made for the satisfaction of satisfaction given for the preservation of the Officers of Constabularies and they shall pay etc

Upon the petition aforesaid the Honorable Council of Baltimore County do make inquiry after the state of
