The Lower House by M^r. Hamilton & Cap^t. Burges sent this following Resolve to this house viz
18th April 1671

At the Lower House of Assembly

This House in order to the Charge ag^t Rich^d. Tilghman do humbly conceive that the said Charge sent to the Upper House by the Lower House was sufficiently proved as to the two first Articles that day this House waited upon the Upper House by the said Richard Tilghman's Confession & Acknowledgm^t. And as to the rest of the Articles in the said Charge this House did send up such witnesses as they had to produce to make good the same viz John Alinon & Nicholas Brooke whose Petitions were annexed to the said Charge & therefore that this House left the whole matter in Consideration & Judgment of the Upper House & so have resolved that they do not intend & think it not necessary to proceed any further
