

of what Laws are of force within this Province & cannot be repealed but by consent of his Lordship and the two houses of Assembly the Result of this house thereupon Drawn up as foll: Viz^t -

Upper house 11th May 1682

Voted by the Committee of both houses November the 10th 1681 Viz^t:

Draw up a Bill of Revivall therein including all the Temporary Laws according to the List, Saving the Act for Killing of Wolves made the 10th of Octo. 1671 which by the Act of Ascertainning what Laws are of force within this Province Anno 1676 is made perpetuall -

By which it doth appear it was then the Sense of both houses that this Act for Killing Wolves was perpetuated, and therefore not thought fit to be included in the then Reviving Act; This house do therefore say that that Clause of that Act Ascertainning what Laws are of force &c: which relates to the Act for Killing of Wolves must be first repealed before it can be reduced to its Tempory State by an Act for that Purpose

If therefore the Lower house will accordingly Repeale that Clause of sd Act and Draw up another for reviving the Act for Killing Wolves, and cause the Act for reviving certain Laws fairly to be Engrossed with Exclusion of the Act for Killing Wolves this house will pass the same -
