Coll Digges Coll Burges Mr Secretary Sewall and Major Freeman go to the Lower house with these two following Messages. Vizt

Upper house 20th October 1683

This house have read and Considered of the Act for Advancement of Trade and his Lordship hath Nominated these following Places for Towns Vizt. Kent Shipping Creek at Coges Creek. to fill up the Blank therefore left, Ann Arundell County South River on Coll Burgeses Land to fill up the Blank there left. Talbot County on John Bowlings Land near Gaunts Land instead of Gaunts Land - Greys Inn Creek at new Yarmouth for a Town in Kent County, as to the Business of Entering and Clearing of Ships in a Clause in the Bill Mentioned, This house do think that the same may be left to his Lordship as formerly By reason the same Office is of very great Concern not only to his Lordship but to the King also and so not to be trusted but in very good Safe and Capable Persons hands, and it may happen that Such Persons may not be found Seated conveniently for that purpose in every County. In all things else this house do well approve of the said Bill

Signed P. Order Thomas Grunwin C of Assembly

Upper house 22 October 1683

This house having once more Debated the Business of Jacob Young and the Crimes that are laid to his Charge in his Impeachment and what of it is proved against him cannot think it either Reasonable or Safe to Suffer him the said Jacob to go at Large, and since he hath been Impeached by the Lower house, This house think it the best way of proceeding that some Members of both houses be appointed for a Committee to Draw up a Bill against him the said Jacob to Secure him from any further Mischief to this Government and so to pass an Act as in the Case of Edward Husbands as by that Law made against the said Edward Husbands may appear in an Assembly held at St. Maries the 20th Day of October 1678 and since this Assembly has so good a President for it - This house desire the Concurrence of the Lower house herein it being for the safety
