

dutiful thanks, We beseech your Excellency to believe that next to  
 God their Majesty's great Country's glory by your Commands but  
 your very Intimations hath the chief Command in our hearts which  
 upon all Occasions we shall readily manifest and most Sorrow we  
 are that after all our Endeavours we cannot without Violence to  
 our Reasons recede from our Opinions in touching the Laws of  
 this Assembly on the same stile as the said was <sup>in their Majesty's</sup>  
 Name being what we humbly conceive most Agreeable to the former  
 Laws and to all its precepts and Procefs of their Majestys in this  
 Province even the writs by which this Assembly was Convened &  
 with humble Submission to your Excellency therein we humbly con-  
 ceive not discomend or against the Tenor of your Excellency Com-  
 mission we therefore humbly pray your Excellency to Permit those  
 Laws to pass under the same stile as the former was until their  
 Majesty's Pleasure may be further imparted to your Excellency in  
 the Premises
