

Upon the said Law I find that I have had in presence
 of his Excellency and Council and the whole House and thereupon
 his Excellency was pleased (in his Majesty's Name) to return the
 House thanks for their Care and Pains bestowed in the making
 those and the other Laws since his Arrival recommending unto
 them the due Observation as well of those as all other the Good Laws
 of this Province now in force and all Orders and Ordinances now
 I find and that such as were Magistrates among them would
 see the same put in execution without which the making Laws
 would prove Ineffectual and Useless Lastly his Excellency does recom-
 mend to them in general that they would signify to the Inhabitants
 of the several Counties where they live that they should not any
 way be distressed or discouraged through the Rumour and noise
 of heavy taxes and to persuade them from their Folly and unad-
 visedness in leaving the Country upon such or any other idle Rumours
 and News

Produced and read an Address to his Sacred Majesty in relation
 to New York Affairs the which was signed by the several members of
 his Majesty's honorable Council and House of Burgesses

Then his Excellency was pleased to acquaint them that he had
 considered with his Council to Prorogue them until the 20th day of
 March next but if in case there should be no Absolute necessity for
 their meeting at that time he would by his Proclamation in febr^r
 next give them notice thereof and further Prorogue them and the
 Assembly was accordingly Prorogued until the 20th day of March next

So ended this Session of Assembly
