

formally and may of family does more again require that all Publick in
and for to make out and send by such Endeavour of the year to the
self and that theology provided two three more substantial persons in
employment who will be able to bring all such Tobacco to those three
Chancery places in the said county and they to be continued to execute the
Office of Sheriff for ever and ever

16 That law be made to concern all Lands taken up in the Province
According to Proposals made also the said Assembly

17 That criminal Law be made about Runaway Servants and
Debtors concerning all of the Province with Virginia for taking such
Runaway servants and Debtors to the Sea. Provided a Reciprocal Law
be made for the same in Virginia according to Proposals in May
Assembly also

18 That new Laws be made as in the said Assembly was likewise
proposed

19 That such Taxes and Duties by the Law to be settled within
the said Province be made for the use of the Poor of the Province
as then also proposed

20 That there be a Person appointed to execute the Office of Minister
Master and Surgeon in each side the Bay who shall be obliged to Minister
and see executed the several Proposals and Inquiries as a times every year
besides the general Minister and that two Pounds of Tobacco shall be
settled upon each of the said Officers as then was proposed

21 That what money is already received by the duty upon furs
be bestowed out towards the building of a small School House and room
for housing a School Master according to Proposals made to the House
last Assembly

22 That an Ordinance be made for the better to be had by the
Governor and Council and Justices of the Provincial Court in the fall

23 That a Law be made that what Privateers come into the
Country be obliged to produce their Warrants in such manner and that they
be not to receive any Protection to a Ship without receiving
a Certificate from some minister of the Church of England of such Partes
standing married by a Minister of the said Church first

24 His Excellency fearing that the Inhabitants of some of our
are still distressed and cannot yet recover out of the
House within the said County do therefore propose that the said County
be divided into three Counties viz the Sea Coast Side to make more
and that beyond the other
