

Then was read an Act for the publication of
the Carriage
to which all Assent but Mr Bateman and order that
it be sent to the lower house

Then was read an Act for limiting Servants tynds
to which the upper house assented and ordered that
it be sent to the lower house

Then was read an Interpretation or Explanation of
the Act limiting servants tynds made the last Assembly
Anno 1661

To which the house assented and ordered that it be
sent to the lower house

Then was Read an Act for Improvement of Roads
The lower house are desired to signify their opinion
in this matter at their next Conference

Voted that the former Act last read and past this
house be sent to the lower house

Then came from the lower house the following paper
It is voted in this house necessary that some house be
built or purchased to keep Court in or Assembly
for the benefit of the Country

Which this house presents to the upper house
requesting them to joyne with this house in consid-
ering of the place where and the manner how
such house shall be built or purchased

William Brewster

When upon this upper house took into consideration
the matter for the Statute of the State house

Mr Deane Upon my word I cannot provide there be a
house for the Governour and Council of course
at St. Marks

Mr Clarke for St. Marks
Mr Bateman At St. Marks unless they build a house for
Governour to dwell in as well as a State house

Mr Wood At Patuxent some where about Iguit Latitude
Some where over against Pointe Latience on the
of the River

Mr Brooke At St. Marks
Secretary - At St. Marks unless they build a house for
the Governour to dwell in as well as a
house

Deputy Governour At St. Marks unless they build a house for
upon the River of the Governour at Patuxent for the
entertainment of the Council that they may
private in
