

1676. May 10 - June 15. Lower House Journal Original MS Papers.

[The page contains several pages of handwritten text in a highly decorative, cursive script. The text is dense and difficult to decipher due to the extreme ink contrast and the style of the handwriting. The script features large, ornate flourishes and loops. On the left side, there are several large, circular or oval shapes, possibly representing initials or decorative elements. The text appears to be organized into paragraphs, with some lines starting with larger initials. At the bottom of the page, there are several large, stylized signatures or initials, including one that looks like 'S. J. C.' and another that looks like 'S. J. C.' with a flourish. The overall appearance is that of a historical manuscript page, likely a journal or a set of minutes.]
