can make it out by law that those Gentlemen have in any particular
Infringed or broken the same he will in no way protect a thert^r them,
but leave them open to Justice. But as to laying a fine upon them this
Board is of Opinion is a thing of dangerous consequence without a known

rightly Grievances - viz^t. Concerning severall County Justices leaving
Job^{ts} upon the people for things directly contrary to Law.

As to Mr. Craufords own particular, he is already restored to his practice
upon the joyfull and happy News of the peace. But if the House does hold
it not to be in the Kings prerogative to suspend Attorneys in this Province where
the same is not already given away they may lay the case before the Right
Hon^{ble}. the Lords Com^{rs}. for Trade and foreign plantations for His Majestys
Cognizance from whom they need not fear any other than a just and
legall determination, both in this and all other matters of a like nature.

Members were privy and consenting to the above mentioned address
(nemine contradicente) as in the same they seem to set forth.

and His Maty. hon^{ble}. Council.

By the House of Delegates March 4th. 25th. 1098.

We have rec^d. your Ex^{ty}. Answers to our address in relation to His
Maty. Lawyers, wherein your Ex^{ty}. seems to reflect as if this House was
partially in representing the Grievance of this Province, when all the same
time your Ex^{ty}. is sensible that a Bill is passed by this House to prevent
that Grievance you make mention of in your answer as for His
Maty. prerogative we hope we shall have the same regard at all.
