

Moving for Majesty for her disallowance of the severall Acts
past in the year 1709. And that they have upon that occasion
kindly signified if any of those Laws be absolutely necessary for the
good government and welfare of this Province they may be re-en-
acted - I doubt not but you will believe some of them are of conse-
quence, and am convinced of your good inclinations to serve your Country
Gentl. Since you are that I am Instructed to forbear
passing any Act but what are immediately necessary for the peace and
welfare of the Province without her Majestys particular Order for
that purpose, I am Instructed to believe you will prudently forbear any
fruitless Essay of that kind whereby you may prolong this Session
and add to the Charge of the Province.

I can truly say I have not only been carefull of placing as
little charges on the Country as I could, or as the Emergency of Affairs
has obliged, but have used my Endeavours to retract them as much
as I might - Therefore have great reason to expect that you Gentl.
will use your utmost Efforts to dispatch the necessary business of
this Session in a few days by which you will most lively demonstrate
to your severall Electors the true regard you have of their interest
in putting them to as little Charge as may be especially now at a time
when our unhappy Circumstances are not in a Condition to bear any
Extraordinary Expence.

Upon which Mr Speaker and Members took their
Leaves and retired to their Houfes.
