 indorsed Eodem die By the Council in Assembly.

Upon Reading and debating this Bill at the Board It was Resolv'd
 that in case such Bill should pass it will be a means to prejudice
 Orphans by under valuing Dead means Estates which are always to be
 apprais'd in the presence of two of the Creditors who will never be induc'd to
 approve of and sign any inventory unless at a very low Apprais'm. Since they
 know they must be oblig'd to take the meanest part of the Estate in satis-
 faction of their debts for which reasons as well as many others we
 reject the Bill - Sign'd J. Ford or W. Bladen C^t Council
