By his Excellency the Governor and Council in Assembly April the 11th 1707
Your House cannot have forgot what his Excellency was pleasd to
acquaint you with at your first Meeting in this Session that her Majesty
approved of reducing the Number of the Provincial Justices and appointing
Itinerant Judges to go the Circuits and hold the Assizes in every County.
Therefore since you seem to intamate in your Message Yesterday by
Major Lowe you hoped the Session near a Conclusion we cannot but
admire why you have not yet given his Excellency Satisfaction what
you intend to do theron. And we would wish you to consider what
was proposed is absolutely within her Majestys Royal Prerogative
and therefore will be effected according to her Directions and the Condescension
now made by his Excellency in having your Advice on that important
Affair will serve to remind you hereafter perhaps when it may be too late
that you have not only mistaken yourselves but the true Interest of the
Country.
