

of Trust and Prof<sup>t</sup> especially the Sheriff's Office have been of late sold to such Persons as would give most Money in Tobacco for them, whereby several Persons have been compassioned that are very incapable and not qualified and of too mean Capacity and Estate to execute and perform their Duty and Office and the Inhabitants thereby much aggrieved and oppressed and very slender Security given for performing their Office whereby great Losses have and are likely to happen to her Majesty's Subjects within this Province. It is also Reported to and Resolved by this House as an Aggravation that the Provincial Court hath Jurisdiction over so small Sums whereby all Actions are almost brought there where the Charge very often exceeds the Debt in Demand and is of great Trouble Charge and Fatigue to the Suits both Plaintiff and Defendant and many Times occasions the Plaintiff to lose both his Debt & Cost and perpetual Imprisonment of the Defendant's Body or Ruin of his whole Estate. All which said last Aggravations this House humbly desires her Majesty's Honble Council to join with them in redressing and that the Honble Council will join some of their Board with some of the Members of this House in a Conference to consider of the Ways and Means to redress the same and of the Method and Manner of settling the Courts of Judicature and their Jurisdictions with the Manner of their Proceedings and the Qualifications of their Officers.
