

might be remedied if the Justices of each County had Power to try all such Negroes, and that all Negroes that should be executed the Public should make Satisfaction for to the Owners and that no Negroes should be allowed to travel and gather together in Companies to the Terror of the good People of this Province and if not prevented will be of great Abuse to the Country
Resolved it be referred to the Consideration of the next Session of Assembly

It is further offered by this Committee as an Aggrievance that the Act for superseding Execution as it now stands since the Alteration of the Commission of the Justices of the Provincial Court doth not answer the End and Intent of the Making thereof for that no Person against whom a Judgment is rendered in the Provincial Court can now have any Benefit of that Act without going before a Justice of that Court. Whereas at the Time of making the said Act there was a Justice of the Provincial Court in each County, but now there is not, and this Committee humbly propose that if the President or two of the Justices of the County Court were empowered to grant a Supersedeas after the tenth of May on any Execution issued on a Judgment rendered in the Provincial Court it would remedy the said Aggrievance

Resolved a Bill be brought in this Session to remedy the said Aggrievance according to the Report of the Committee
