

Bill reviving an Act prohibiting Importation of Bread &c Read the first and second Times by special Order and will pass. Signed & Order Your Obedt Servt Sent to the Council by Mr. Woolford and Mr. Brooks who returne say they delivered the same. Samuel Young and John Hall Esqs enter the House and deliver Mr. Speaker a Law relating to the fines on Ordinary Licenses and the following Message My. By the Honble President and Council in Assembly Nov. 11. 1713 We have received your Message by Major Spigg and five others and tho' we cannot but think it very strange you should refuse the Conference desired by this Board for want whereof we find you persist in the mistake asserted in your Address to her Majesty relating to the fines on Ordinary Licenses yet we cannot believe we ought notwithstanding your Desire to press us no further neglect giving you to understand, that altho' you have avowed that the said fines on Ordinary Licenses were always Temporary and reserved in the Power of the County to dispose of the Law therefore never having been perpetual we find there was a perpetual Law made Anno 1695 appropriating the said fines to the Secretary of this her Majesty's Province of Maryland for the time being and send you the said Law for your Counsel wherefore we desire you to consider whether such an Address will become the Reputation of your House for which you may perceive we have no small regard

Signed & Order W. Bladen H. Council
