Monday Morning June 1775

1775
June 20
p. 29

The House must according to a determination of the 1st of yesterday
have had read the proceedings of the 16th or yesterday.
The Colonel Peyton Remond for Queen Anne's County being asked
what is desired from his further Attendance his answer —

On a motion made the Question is put whether a report shall
ought to be made to my Lord Baltimore for a fine towards
on every 100 of Acres being of the gage of thirty two inches in
his diameter of the head within 4 Yards, not exceeding thirty two
inches in the length and forty eight inches in the length of the
Ribs, ever and above twelve pence of the former in report
to the Lord Baltimore since his Declaration of the receipt of
his Rents and Tines for Abolition in virtue of his patents of
the bond, during the natural life or his noble father was now
made in relation to the Affirmations by my Lord of York — Read
When the Question is put how much shall be reported of the
and whether that is the case or not in all the marks in purpose
how of whether being the to the said process by the R.A. being
of the said gage of thirty two inches in the head within the 4 Yards
and exceeding thirty inches in the length and forty eight inches
the same, provided that on each Stone being taken or about
at least for the inch and a half. In proportion was agreed the Report may
there be much price from any other proportion will from my
other resolutions proposed by the same —

At last the said Resolution from the said R.A. Council agrees
with the same that the whole Council had agreed and approved
by three following Names. I.e. Mr. on the 5th day of May 1775
