

Was sent to the Upper house by Mrs. Rowley Care & Price by Mrs. Young
and May: 9. And passed with the following message 29th 1715 -

By the Lower house of Parliament June 7th 1717 -

May it please your Honor: We have considered your Honours Message
of Yesterday by Sir William Lloyd Esq: & still the method proposed as a
Regulation of the same relating to his Lordships Revenue and by that it
seems their Majesties Orders and the giving up the Quiet Rents and Retiencion
Fines as an Inconvenience to the raising the whole Duty of three Shillings and three pence
to his Majesty's revenues the Service of the Country but by the 15th Part thereof
Was purely raised for support of Govern: & Without any other Consideration
We find by the Law made in 1670 the only Consideration for the raising
the two Shillings & 6 pence of supporting Govern: so necessary to the
Constitutes and Application in Bill of the same is only
made by way of Decree in 1715. & Law and nothing proper as
in any the later acts it can be reasonably understood to raise
the two Shillings merely in Consideration of the Duty -

Payments of the rents and Fines and if it should be more -
suggested by the acts of 1715. & 1716. that the Duty of
the same be raised only for the same. & to raise the same the
might be fairly suggested we seem unjust & towards
to the Country in raising so much in View of the same -
beyond their Value and a people unworthy to reap the
Benefits of Govern: by nothing for its support and
sure we are not prepared to see the for the same as in the
of such Constitutions We cannot consent of the same
any other way than as the same stands and pay your Honor:
asent thereto - Signed W. 29th 1715. J. 29th 1715.
