

PERSONS; for which the Governor and her adherents -
have given us so great inquietude; and which have provoked
them to use so many evil Practices for my removal -
but you will find the Grand of this unjust Persecution -
ag't us, marked large in this Journal of the upper and
Lower Houses in July 1716

And thus I judge this faction had done more
Honour their Government they intended me, as if I had, where
of such Consequences to the Protestant Church here; -
that God they by any means remove from their station
they might expect least the Cause to find my death, was
pliable to their pretences and sacrifice me to their Country

Not considering yt the Government of this Country
is supported by these Church members, who are the
long tails of the State by selling of Protestant Government
of my Judge from yt many good Men of this Country
this of Justice, and the possession of us of great Authority
of this people - they are finally asked howe more to give
way to a papist Administration -

gentleman

What I suppose of you upon this Occasion
is that you will require into the Government
now related to you under the name of God - as you are in
Great Council of this province, make an impartial examina-
tion of the truth hereof - in which you shall find
proper

As it is related to you in the above said
you know the man and his Conversation: you are not ignorant
of his Disturbance he has given this Government for almost
as many years as he had been in it - I shall say before
you the Cause of my suspending him from this Province
in this manner God I and since he has been carried away
being both Judge and party of these your Opinions, I
suppose such Satisfaction has he has agreed to be removed
from Government by your Honour. -
