May it please your Honours —

In Answer to the Observation your Hon^{rs} have been pleased to make on that
part of our answer to your message of the 25th Instant wherein we observe we
should be wanting in duty to his Lordships as well as be drawn into measures
prejudicial to the Interest of the Govern^r who may hereafter preside over us our
meaning as to that part was no other than whereas the three pence of the
had been for a considerable time given to the Govern^r who have preside
over us and since to our present Govern^r during his Govern^t in and over
this Province the Gentlemen that succeed may (perhaps) very justly move
us to bestow the same allowance on him which by the measures proposed
will be out of our power to comply wth and may very justly be unwilling
his Displeasure which we ought as we conceive be very Careful to avoid
and we assure your Hon^{rs} it was never our Opinions that the Duty of
three pence of the is a profit by right incident to the Station of Govern^r
