

for the good and Advantage of his Lordships Province is most conspicuous to all well  
wishers thereof by your recommending in anore Particular Manner to us the taking into  
Consideration how to relieve our selves from the most Miserable and Deplorable State  
we are Reduced to by the sudden fall of the Staples of our Country and by giving so  
great an Example to follow as that of the Legislature of Great Britain whose  
Measures in this particular we shall most Strictly follow by Unanimously, heartily  
and Sincerely setting out our selves about so great a work which we most earnestly  
wish may end in the United happiness of the Lord Proprietor and his People.

thereof and shall Endeavour to Obviate Each Other in our Zeal by most readily
