Mr. Speaker the following Message viz - By of Upper house of assembly July 9. 22. 1721

Gentlemen It being represented to this house by severall of the Chief Officers of the
Militia that the Capt: and other officers under their Command are Discouraged
from performing their Duty by being rather Despised and affronted than respected
obeyed by the private Soldiers which they conceive is chiefly occasioned by an act
of Power in the Capt: of the several Troops and Companies to fine those who do not
observe their Duty as the Law Directs but must apply to two of the field
officers for that purpose who knowing the frequent Disappointments
that attend the hearing such Complaints do not care to take the trouble
