

of the words of the will we are clearly of opinion that the Devisor has sufficiently explained his Intention to Devise a Rentcharge in Common in fee simple to the Devises on the Lands in the will mentioned for that the word Intereit (as only relate to an Inheritance and shall by Implication as well extend to the Immediate Devises as to those that are to take by Survivorship on Condition and that therefore it is plain that what the Devisor Intended by the words of the Devises to the Devises was an Inheritance w^{ch} must be a fee and therefore to avoid making a Law for relief of a person that seems already relievable by the Law in force and the more chiefly to conform to the Direction in his Lordships speech we reject the bill and refer the parties depending for it to the Common Law for their relief
