

passed by the said John Boardley as Receiver of the said 13<sup>d</sup> in Parliament directed  
This House humbly offers unto your Excellency that the said duty of 13<sup>d</sup> is not  
charged with that duty, but rather that the fines and forfeitures arising in  
that Province is duly collected and applied as sufficient to defray the charge  
of the collection of the Revenue in all the Districts of that Province and whereas  
the House has been informed that besides the said John Boardley one or more  
are appointed Receivers of the Revenue in that Province.

It is further proposed that the number of Officers for the said District  
Collection of 13<sup>d</sup> be reduced to one - and we likewise with all submission  
pray that your Excellency will be pleased to communicate to us in such manner  
as shall seem most meet and expedient to your Excellency who as the  
present Collector of his Majesty's Revenue in all the Districts in that Province by  
what authority he have or do receive the same and how they are payed their  
respective yearly Salaries - all which (it is hoped) will tend to the redress  
of the Misapplication of that Part of the said 13<sup>d</sup> applyed for Armes &c and  
putt that House in a Condition of judging in Purduance of the 2<sup>d</sup> Article  
of the said Instructions what is further necessary to be done for the Support  
of the Government for the Honour and Maintenance of which we think  
our selves very much concerned and shall be ready upon all occasions  
to give demonstration of the same.
