

Satisfaction to this House by using their Lordships due to your Hon^{rs} if we find them so firmly resolved to maintain the Authority of their Gov^{ts} here against the many bold & insolent attempts of Mr^r Maenemara to the Discouragem^t of such as for the future shall fly in the face of Government.

And we cannot but observe from the Transcripts from the Records of Philadelphia that Mr^r Maenemara has not only been obnoxious to Government here but in other places where he has had any residence so y^t we hope his Sp^{ts} will be a Sufficiency convinced that the prosecution ag^t Mr^r Maenemara here have not been carried on by partiality for that he has undergone the same Fate before in other places purely thro' his own haughty ambitious Temper and ill Conduct.
