

by Mr Jackson and Mr Willmore they return and say they
 they delivered them. Mr Styles from the Committee of Aggravances
 returns the following report (viz) By the Committee of Aggravances.
 Feb. 26. 1791. It is offered to this Committee as an aggravance that
 there is no provision made in the Act of Assembly for Encour-
 agement of Village and relief of poor Debtors obliging all
 Creditors to receive Job. for money or money for Job. which seems
 as an Aggravance since Job. is looked upon to be
 the Staple of our Country it is therefore referred to the Lower House
 of Assembly for their further Consideration it is also offered
 to this Committee as an aggravance that the time limited
 in the Act of Assembly Intituled an Act for relief of Debtors
 and a sentenceing the manner of Payers in Job. is limited
 from the first day of November till the last day of March
 which is looked upon to be too short a time since all Job.
 is to be got ready by the last of May yearly it seems reasonable
 to lengthen the time from the last of March till the last
 day of May which is referred to the Lower House of Assembly for
 their Consideration. Signed per Ord. Nin. Marvante (C. Secy).
 which was read and referred till next Session for further Consideration
