

Who make choice of George Maber Esq<sup>r</sup> Chairman and M<sup>r</sup> William Rogers Clerk,  
Your Committee having in the most Carefull manner Inspected the State of the Office for  
Emitting the Paper money and the accounts of the Commissioners or Trustees find both in good  
Order and that Nothing Appears to the Contrary but that the Said Commissioners have  
Faithfully Discharged the Trust reposed in them -

They further find that there has been lately remitted from England Several Books  
of Blank Bills in order to renew and make good the Torn and Defaced Bills which  
Books appear to be perfect but are not yet Examined by the Commissioners and  
are said to amount to Three thousand four hundred thirty seven pounds ten Shillings

They likewise find it Necessary for the Care and Dispatch of Committees hereafter  
to be appointed for this purpose as well as the Commissioners themselves that  
a Particular account be kept of the profits and loss on Issues in the said Office  
which the Majority of the Trustees are willing to perform

They further find that although a Greater Sum of money has been transmitted  
To the Justices of the Several Counties than was Demanded from them by the  
Inhabitants for the Taxables in the Said Counties yet there has not yet been  
any money returned by the Said Justices -

Your Committee further find that the Account hereunto annexed is  
a Just and True account of the money emitted and remaining in the said  
Office and humbly Submit the same to the Consideration of both Houses  
They do not find that the Trustees in England have yet rendered any  
of their proceedings there - - -
