

That Vice-Chamberlain in the morning Early, read at the Door in his hearing and in the hearing of his Accomplishers
 in the House the libel he had to take him, requiring him to Surrender himself, but was answered only with
 Arrogant and Impertinent and the utmost Scarcity of Language and soon after he fled at the Company
 who also discharged some shot at his House but without Effect of Doing any Hurt, and thus the Continuation
 until near Sunset when the People provoked by his Abuses and frequently firing and finding no other
 Probability of Taking him alive set fire to the House which consisted of some wood unburnt Timber Logs
 and was on another of not above the value of five pounds Sterling and to which he had no right having before
 released his Antient Possession to one of our Inhabitants, and the House being on fire the said Chamberlain
 with his Accomplishers rushed out loaded with Arms and firing upon the Officers and his Company -
 they wounded one of the Sheriff men and happened to kill one of their own before said Chamberlain then
 but notwithstanding the Taking that turbulent man we have still just reason to apprehend yet further
 and greater Injuries from that Government large and tempting rewards being promised in Proclamations
 and otherwise by their Deputy Governour before the Taking of said Chamberlain for Seizing Divers of our
 Inhabitants and Particularly some of the Principal Magistrates of Lancaster County which we can
 by no means here Diverge without Entering into such an Open Rupture as neither our Duty to our
 Sovereign nor our Religious Principles will suffer us to Engage in

We Therefore most Humbly beseech our Gracious Sovereign the Common Father of all
 His People to take our Case into his Princely Consideration and that he will be pleased to Enjoy the
 said Lord Baltimore and all Others claiming Authority under him to Desist from all further Acts
 of Violence to the People of Pennsylvania; and that he do confine himself to the Bounds and limits
 set to his Province as well by his Grandfather as himself until the same shall be determined
 by due Course of Law or to grant us such other relief as the King in his great Wisdom shall
 Judge Equitable and Just and we his humble Petitioners as in Duty Bound shall ever pray -
