as for Clerk's List, _____		8 15 6
A. B. The above List appears to the Committee to be made for the Year 1755, and dated 1756 by Mistake.		£. 9 0 0

A. B. In the several Counties following (*to wit*) *Anne-Arundel, Frederick, St. Mary's, Cæcil, and Calvert* Counties, the Clerks have not returned Lists of Wheel-Carriages for the Year 1755. Your Committee further observe, That the Clerk of *Cæcil* County has made no Return of Ordinary-Licences since the Year 1751: That the Clerks of *St. Mary's* and *Talbot* Counties have returned no Lists of Ordinary-Licences for the Year 1753: That the Clerk of *Kent* County has returned no List of Ordinary-Licences for the Year 1754: And that the Clerk of *Frederick* County has returned no List of Ordinary-Licences for the Year 1755.

Your Committee likewise observe, that no Account has been rendered, or Money paid, by the Naval-Officer of *Patuxent* since the 14th of *March* 1755.

Your Committee, upon Inspecting the Report made in 1748, find the following Entry, *viz.* "Your Committee have received Information from Mr. *Nicholas Hyland*, a Member for *Cæcil* County, That of the Thirty Shillings *per* Taxable issued to the several Counties, there still remains, as the said Mr. *Hyland* has been informed, in the Hands of the Widow of Mr. *William Rumsey*, late of the County aforesaid, deceased, near One Hundred Pounds, which she is ready to pay when required:" Of which Sum your Committee observe, no Part has ever been paid into the Office.

Your Committee further observe, That the Office-Books remain in the same obscure and irregular State as was Represented in our Report of the last Session, so that no Estimate can be made of the Produce of the Funds raised by several Acts of Assembly, without great Trouble and Time, no Accounts being raised in said Books for the several Persons concerned in the Collection of Money arising from the said Funds: Tho', in Justice to the Commissioners, we must observe, that their Time has been so much engaged since the last Session in their Attendance upon the New Money, that it has not (we presume) been in their Power to put the Books into the regular State, which is so essentially necessary.

All which is submitted to the Consideration of both Houses of Assembly.
