

Votes and Proceedings, April, 1760.

Mr. Dulany, from the Committee appointed, brings in and delivers to Mr. Speaker, the following Report, *viz.*

By the Committee appointed by the Honourable the Lower House of Assembly to inspect the present State of the Funds raised by the several Acts of Assembly for his Majesty's Service, and Report forthwith the Amount of the several Sums paid into the said Office in Pursuance of the said Acts.

April 3d, 1760.

YOUR Committee having examined the Account raised by the Commissioners or Trustees under the Act passed in July Session 1754, for granting 6000 l. for his Majesty's Service, do find, that there has been paid into the Office the Sum of 4074 l. 13 s. 1 $\frac{1}{4}$. and that the Ballances due from several of the Sheriffs that have collected the Ordinary Licences, Tax upon Wheel Carriages, and Billiard Tables, amount to 1469 l. 13 s. 1 d. which Sum, should it be immediately paid into the Office, would leave a Ballance still due towards replacing the 6000 l. of 455 l. 13 s. 9 $\frac{3}{4}$. and as great Part of the Arrears have been a long Time due, and as it has been heretofore Reported, from Persons in bad Circumstances, your Committee conceive that it will require more than a Year's farther Collection of the Duties and Taxes under the Act aforesaid, to compleat the replacing said 6000 l.

And your Committee, on Examination of the Book kept by the said Commissioners for the 40,000 l. Grant, do find, that they have paid out to the Amount of 37827 l. 10 s. and that there has been paid into the Office, by the several Ways and Means directed by the said Act, closing the Accounts to the 29th of September, 1759, as follows, *viz.*
