On motion, the question was put, That the house concur with the following clause in the said report :

"The committee to whom was referred the petition of William Handy, of Worcester county, reports that they have taken the same into consideration, and are of opinion, from the facts disclosed to your committee, that the petitioner has been grossly injured in his person and property by some of the citizens of Pennsylvania, but inasmuch as the federal judicatures are open to the citizens of the United States indiscriminately, and competent to redress all the injuries he may have sustained, your committee conceive it would be improper for the legislature to interfere and become a party on behalf of the petitioner."

Mr. Robins, from the committee, brings in and delivers to the speaker the following report :

THE committee to whom was referred the petition of fundry inhabitants of Baltimore county, praying that a law might pass authorizing commissioners to survey, and alter if necessary, the direction of the road leading from Baltimore-town over Cromwell's bridge to Gettings's mill, and to erect a stone bridge over the main falls of Gunpowder, having considered the same, together with the counter petition thereto, report, that from the facts disclosed to your committee, there appears to be a considerable diversity of sentiment among the proprietors of the lands adjacent to the said road, and other inhabitants of Baltimore county, as to the beneficial effects to be expected from a change in the said road, and your committee are of opinion that there exists competent power in the levy court of Baltimore county to carry into effect the prayer of the said petition, if consistent with the general interest of the inhabitants of that county; your committee are therefore of opinion that the prayer of the said petitioners ought not to be granted. All which is submitted.

THE committee to whom was referred the petition of Frederick Green, printer to the state, report, that they have examined into the subject matter of the said petition, and are of opinion that so much thereof as respects the application to the legislature for purchasing of types could not with propriety be granted, but your committee are of opinion that the same reasons exist for the augmentation
